Upcycle Your Closet	Upcycle Your Closet is a calm-creative, hands-on studio where kids bring one garment from their closet each week and learn to re-imagine it with intention. We start with a quick design sketch and a plan, then practice kid-friendly techniques—hand-sewn patches, visible mending, simple embroidery, trims, and small fit tweaks—to turn "I'm done with this" into "I can't wait to wear this." The vibe is focused and friendly: making with our hands, easy conversation, and artistic freedom to choose a path that feels personal and fun. Students are invited (optional) to model their own designs at the Spring Show on the CCAD runway on May 17th. Guest tickets will be sold separately.	2, 3, 4, 5	min 6/ max 10	\$440	60 minutes	4:00 PM	12	Tuesday	Feb 3, Feb 10, Feb 17, Feb 24, Mar 3, Mar 10, Mar 24, Mar 31, Apr 7, Apr 14, Apr 21, Apr 28
Wacky Science	Wacky Science, a Nexpire original, ignites curiosity through hands-on fun and interactive discovery! Students develop critical thinking skills and scientific literacy while experimenting with fascinating projects like Hovercrafts and Lava Lamps. This interactive course transforms abstract physics and chemistry concepts into tangible discoveries, boosting confidence as little scientists observe, question, and problem-solve. Watch their eyes light up with each "wow" moment as they learn that science isn't just educational—it's explosively entertaining! Better Baby Sitters	<p>Would your child know what to do if the child they were babysitting was choking? Does your child babysit their younger siblings? Your child will learn the skills needed to be a Better Babysitter! This class includes guest speakers from the local Police and Fire Departments (when available). All students will receive their own first aid kit to take home. This class is appropriate for boys and girls 10+ and is interactive and fun with role play and hands on instruction. Students will learn: first aid & safety, infant & child CPR with mannequin instruction, care of the choking child and infant, how to handle emergencies, creative problem solving, job professionalism and how to create a marketing flyer, hands on practice with diapering, bottle feeding and infant care, creative age-appropriate activities</p>	5	min 5/ max 20	\$125	150 minutes	5:30 PM	4	Wednesday	Feb 11, Feb 18, Feb 25, Mar 4
Comic Creations	<p>Comic Creations is the perfect way to end a school day. We focus on the steps to build a comic while learning ways to draw and tell a story! Does your child enjoy graphic novels? They will love making their own characters and elevating their drawing skills.</p>	2, 3, 4, 5	min 5/ max 22	\$165	60 minutes	4:00 PM	8	Wednesday	Feb 4, Feb 11, Feb 18, Feb 25, Mar 4, Mar 11, Mar 25, Apr 1
Fashion Photography	<p>This creative hour helps kids tell stories with pictures. We'll cover the basics of photography—framing, angle, light, and timing—through playful, hands-on shoots using multiple camera styles each day. Students will also craft simple props, style looks (we'll curate fabulous coats and accessories for them to borrow on photoshoot days), practice confident posing, and direct mini scenes with friends. Guided by artistic freedom, each junior photographer curates a favorite image to print and frame—a fun take-home on the final day.</p> <p>Students are invited (optional) to serve as Jr. Fashion Photographers at the Spring Show on the CCAD runway on May 17th. Next-Level LEGO® Robotics Lab	<p>Real robotics, real engineering, real fun. Students will design, build, and program their own Arduino LEGO® Robot to complete exciting engineering challenges. They'll learn coding logic, sensors, and iterative problem-solving while competing in BattleBots, LEGO jousting, and obstacle missions. Along the way, students will be introduced to 3D printing and laser-cut parts, discovering how customizable components and microcomputers can work together to create new tools, accessories, and upgrades. Perfect for builders who love to experiment, engineer, and bring big ideas to life.</p>	K, 1, 2, 3, 4, 5	min 12/ max 24	\$275	90 minutes	4:30 PM	10	Wednesday	Feb 18, Feb 25, Mar 4, Mar 11, Mar 25, Apr 1, Apr 8, Apr 15, Apr 22, Apr 29
Yoga Adventures	<p>Join The Balanced Child Method for Afterschool Yoga Adventures, the perfect program for curious, creative kids who love to move, laugh, and learn new ways to feel strong and calm. Each week, students set off on a new yoga journey all while building strength, focus, and confidence. Through playful movement, imaginative storytelling, creative games, and calming mindfulness activities or crafts, children explore both the outer world and their inner selves. This isn't just yoga—it's an empowering adventure where kids get to connect, recharge, and discover the amazing things their bodies and minds can do. No experience needed—just a positive attitude and a readiness to explore, move, and have fun!</p>	K, 1, 2, 3, 4, 5	min 8/ max 15	\$265	60 minutes	4:00 PM	12	Wednesday	Feb 4, Feb 11, Feb 18, Feb 25, Mar 4, Mar 11, Mar 25, Apr 1, Apr 8, Apr 15, Apr 22, Apr 29
Young Rembrandts Drawing Club	<p>This winter, Young Rembrandts students will take part in a proven, step-by-step drawing program designed to help children develop a strong foundation in the fundamental skill of drawing. Our academic art enrichment program, taught in classrooms around the world for over 35 years, gives students the structure and confidence to grow artistically week after week. Each lesson is carefully crafted to build visual-spatial skills, fine motor coordination, and art vocabulary, while keeping creativity at the heart of every project. This semester, students will explore a variety of imaginative subjects and artistic styles—culminating in a Young Rembrandts interpretation of Grant Wood's iconic "American Gothic." Through this and other lessons, students gain exposure to art history, design, and composition in a way that is engaging and age-appropriate.</p> <p>The longer students are exposed to the Young Rembrandts method, the more their drawing skills, confidence, and creativity flourish. Don't miss this opportunity to make this winter a masterpiece—enroll your young artist today!</p>	K, 1, 2, 3, 4, 5	min 8/ max 20	\$210	60 minutes	4:00 PM	12	Wednesday	Feb 4, Feb 11, Feb 18, Feb 25, Mar 4, Mar 11, Mar 25, Apr 1, Apr 8, Apr 15, Apr 22, Apr 29

Eager Engineers	Blast Off with Eager Engineers! This winter we continue our outer space journey with brand-new STEM projects every week—all year long! In our fun, hands-on classes, kids explore exciting space-themed STEM concepts like gravity, orbit, habitability, and Newton's Laws of Motion—all through creative building challenges! 🔧 Projects include: •🚗 K'nex Motorized 3 Wheel Vehicles and Tractors •🌀 LEGO Wind-Powered Machines and Turtles •🏠 Citibloc Towers and Cabins	K, 1, 2, 3, 4, 5	min 5/ max 20	\$200	60 minutes	4:00 PM	10	Thursday	Feb 26, Mar 5, Mar 12, Mar 26, Apr 2, Apr 9, Apr 16, Apr 23, Apr 30, May 7
Fashion Runway Production	Barrington's art room transforms into a mini fashion house where kids dream, design, and deliver a real runway experience from start to finish. Students turn deadstock fabrics, scraps, and pre-loved garments into one-of-a-kind looks while practicing hand and machine sewing, appliqué, trims and embellishment, embroidery, textile painting, pleating, simple pattern making, and other core fashion design skills. Guided by artistic freedom and a creative, encouraging vibe, students learn how a full fashion show comes together: from concept and collection building to styling and show flow. It's fashion with heart—intention, teamwork, leadership, and the joy of watching an idea walk the runway, truly transforming waste into wonder. At the end of the course, students are invited (participation is optional) to showcase their creations in the Columbus Fashion Academy Spring 2026 Runway Show at the CCAD runway on May 17. Student participation in the show is already included in the class fee; guest tickets will be available for purchase separately. Electronic Game Design	Make and code your own games! In Electronic Game Design, students create classic games by combining the innovative Makey Makey® device and programming with Scratch. Makey Makey® is a customizable circuitry tool that students transform into a controller for their games. They'll learn about how circuits work with computers, coding, and how to design and build a fun game. Expert instructors guide students through making games and teach them the tools to bring their imaginations to life. Students combine their love for games with their drive to learn in <u>this hands-on STEAM course.</u>	3, 4, 5	min 8/ max 20	\$165	60 minutes	4:00 PM	6	Thursday	Feb 5, Feb 12, Feb 26, Mar 5, Mar 12, Mar 26
Rookies on the Road (School of Rock) Winter	School of Rock Rookies program is designed for children ages 5-7 with little or no previous musical experience. As with all our music programs, Rookies adheres to the patented school of rock method. Our Method's core philosophy is that performance-based music education is the best way for students to gain musical proficiency. Rookie students will have one weekly group music lesson where they learn music fundamentals like chords, rhythm and song structure. Kids get to learn and experiment with multiple instruments in a fun and supportive environment. Our programs are designed to inspire kids to learn to play music and get them on stage performing.
